

Sawblade Ranch Hunting Agreement

I have read and agree to Sawblade Ranch price list dated January 1, 2007.

All hunters agree that Sawblade Ranch has the right to have a reproduction set of horns made from any buck killed.

All trophy fees must be paid for with cash, cashier's check, Traveler's check, or with personal check if accompanied by a letter of credit from a recognized bank.

Our guides will give you their "best estimate" (and that is what it is – an estimate) as to what a deer will gross score. If a deer is shot and hit and not recovered, you will be charged for the deer based solely on the guide's best estimate before you shoot. If you don't agree with the guide's "best estimate" don't shoot. If you don't agree with the guide's "best estimate" but shoot anyway and wound the deer, you will be charged for the deer based on the "best estimate." All deer shot, killed, and recovered will be charged based on the actual Gross B&C score regardless of what the guide estimated.

A **non-refundable** deposit of \$1,000 will reserve your hunting dates.

There are no guarantees on any hunt. A wounded deer is a dead deer. No exceptions.

I agree to allow the use of photos taken of me while visiting Sawblade Ranch for promotional purposes (i.e. website, ads, brochures, etc.): Yes No

I agree to the terms stated above and price list dated January 1, 2008.
